

PLANTING PLAN

Frost-Hardy Screening Shrubs for Canberra

Canberra's frosts knock out tender screens fast. These shrubs are genuinely frost-hardy, evergreen and dense — reliable privacy that survives a Canberra winter.

How to use this plan

1. Mark out your bed and set plants out (still in pots) using the spacing column.
2. Place taller and wider plants to the back or centre, lower plants to the front or edges.
3. Group by light and water needs so each plant gets the right conditions.
4. Plant, mulch, water in well — then tick each plant off as you go.
